CONTENTS OF VOLUME 153

JANUARY 1997

Editorial:
A new year—an old title *by A. J. Higgins* 1

Guest Editorials:
Animal and human listeriosis: a shared problem? *by J. McLauchlin* 3

The growth and use of veterinary epidemiology *by J. W. Wilesmith* 7

Reviews:
A review of *Listeria monocytogenes* and listeriosis *by J. C. Low and W. Donachie* 9

Studies of canine leucocyte antigens: a significant advance in canine immunology *by D. L. Williams* 31

The design of veterinary vaccination programmes *by M. E. J. Woolhouse, D. T. Haydon and D. A. P. Bundy* 41

Analysis of equine scintigraphical lung images *by D. Votion, S. Vandenput, H. Duvivier, T. Art and P. Lekeux* 49

Effects of clenbuterol as a repartitioning agent on β-adrenoceptor concentrations in heart, bronchi and brain of veal calves *by G. Re, P. Badino, A. Novelli and C. Girardi* 63

Studies to detect carriers of haemophilia A in German Shepherd dogs using diagnostic DNA polymorphisms in the human Factor VIII gene *by P. Clark, D. K. Bowden and B. W. Parry* 71

Detection of an antigenic protein of *Leptospira interrogans* which shares epitopes with the equine cornea and lens *by A. E. Parma, M. E. Sanz, P. M. Lucchesi, J. Mazzonelli and M. A. Petruccelli* 75

Tracheolaryngostomy as a treatment for laryngeal obstruction in cattle *by H. J. West* 81

Effects of four analgesic treatments on the behavioural and cortisol responses of 3-week-old lambs to tail docking *by M. J. Graham, J. E. Kent and V. Molony* 87

Improved laboratory diagnosis of ovine footrot: an update *by D. Liu and W. K. Yong* 99

Brainstem auditory evoked potentials in horses and ponies *by I. G. Mayhew and J. R. Washbourne* 107

Short Communication:
Management of post-partum cervical uterine or rectal prolapses in ewes using caudal epidural xylazine and lignocaine injection *by P. R. Scott and M. E. Gessert* 115

MARCH 1997

Editorial:
Tuberculosis and Badgers—Facing up to Facts *by A. J. Higgins* 117

Guest Editorials:
Oxidant Injury and Nitric Oxide: a Role in Exercise-induced Pulmonary Haemorrhage? *by F. J. Derksen* 119

Dystocia in Cattle *by D. E. Noakes* 123

Review:
Oxidant Injury, Nitric Oxide and Pulmonary Vascular Function: Implications for the Exercising Horse *by P. C. Mills and A. J. Higgins* 125

Effects of Farm Management Practices on Cattle Grazing Behaviour and the Potential for Transmission of Bovine Tuberculosis from Badgers to Cattle *by M. R. Hutchings and S. Harris* 149

Evaluation of a Glutamine-containing Oral Rehydration Solution for the Treatment of Calf Diarrhoea using an *Escherichia coli* Model *by H. W. Brooks, D. G. White, A. J. Wagstaff and A. R. Michell* 163

Effect of Chelating Agents on the Excretion of Copper, Zinc and Iron in the Bile and Urine of Sheep *by S. R. Gooneratne and D. A. Christensen* 171

Real-time Non-invasive Measurement of Heart Rate in Working Dogs: a Technique with Potential Applications in the Objective Assessment of Welfare Problems *by I. C. Vincent and R. A. Leahy* 179

Thermoregulation in Sick Foals Aged Less Than One Week *by J. C. Ousey, A. J. McArthur and P. D. Rossdale* 185

No Effect of a Dietary Zinc Proteinate on Clinical Mastitis, Infection Rate, Recovery Rate and Somatic Cell Count in Dairy Cows *by D. A. Whitaker, H. F. Eayres, K. Aitchison and J. M. Kelly* 197

Reduction in Pain Suffered by Lambs at Castration *by V. Molony, J. E. Kent, B. D. Hosie and M. J. Graham* 205

Potential Effect of Vibration During Transport on Glycogen Reserves in Broiler Chickens *by P. D. Warriss, S. N. Brown, T. G. Knowles, J. E. Edwards and J. A. Duggan* 215

Sustained-release Boluses to Supply Trace Elements and Vitamins to Calves *by R. G. Hemingway, J. J. Parkins and N. S. Ritchie* 221

Short Communications:
Dimensions and Weight of Belgian Blue and Crossbred Calves and the Pelvic Size of the Dam *by H. J. West* 225

Effects of Burdizzo Castration on Peripheral Blood Lymphocyte Parameters in Calves *by H. Murata* 229

Announcement 233

MAY 1997

Fast Track:
Detection of Equine X Chromosome Abnormalities in Equids Using a Horse X Whole Chromosome Paint Probe (WCPP) *by M. Breen, C. F. Langford, N. P. Carter, P. E. Fischer, E. Marti, C. Gerstenberg, W. R. Allen, T. L. Lear and M. M. Binns* 235

Guest Editorials:
The Pregnancy that Doesn't Stay—Lessons from 25 Years of Observation *by G. P. Allen* 239

Paratuberculosis and Molecular Biology *by C. J. Clarke* 245

Chlamydial Disease—More than Just Abortion *by G. E. Jones* 249

Reviews:
Herpesviral Abortion in Domestic Animals *by K. C. Smith* 253

The Contribution of Molecular Biology to *Mycobacterium avium* Subspecies *paratuberculosis* Research *by K. Stevenson and J. M. Sharp* 269

Detection of Animal Pathogens by Using the Polymerase Chain Reaction (PCR) *by J. M. Rodriguez* 287

Isolation of Faecal Chlamydia from Sheep in Britain and their Characterization by Cultural Properties *by M. J. Clarkson and H. L. Philips* 307

Functional Anatomy Observations of the Pharyngeal Orifice of the Equine Guttural Pouch (Auditory Tube Diverticulum) *by K. Baptiste* 311

Endotoxaemia in Dairy Cattle: Mechanism of Reticulorumen Stasis *by S. C. Eades* 321

Welfare Implications of Gas Stunning Pigs: 3. The Time to Loss of Somatosensory Evoked Potentials and Spontaneous Electrocorticogram of Pigs During Exposure to Gases *by A. B. M. Raj, S. P. Johnson, S. B. Wotton and J. L. McInstry* 329

Age and Hourly Related Changes of Serum Testosterone and Spermiogram of Prepubertal Bulls Fed Two Levels of Nutrition *by P. I. Rekwot, E. O. Oyedipe, P. M. Dawuda and V. O. Sekoni* 341

Announcement 349

CONTENTS OF VOLUME 154

JULY 1997

Editorial:
Randomized Controlled Trials — The Problem of Clinical Trials in Veterinary Science *by A. J. Higgins* 1

Guest Editorials:
How do Anthelmintic Drugs Work? *by R. Prichard* 5

The Costs of Production Diseases in Dairy Herds in England *by P. J. Crossman* 9

Review:
Modes of Action of Anthelmintic Drugs *by R. J. Martin* 11

Fallibility of Plasma Urea and Creatinine as Indices of Renal Function in Diarrhoeic Calves Treated with Conventional or Nutritional Oral Rehydration Solutions *by H. W. Brooks, A. Gleadhill, A. J. Wagstaff and A. R. Michell* 35

The Costs of Production Diseases in Dairy Herds in England *by M. A. Kossaibati and R. J. Esslemont* 41

Equine Dyschondroplasia (Osteochondrosis)—Histological Findings and Type VI Collagen Localization *by F. M. D. Henson, M. E. Davies and L. B. Jeffcott* 53

Evaluation of Extradural Xylazine Injection for Caesarean Operation in Ovine Dystocia Cases *by P. R. Scott and M. E. Gessert* 63

Viral Proteins of Bovine Papillomavirus Type 4 During the Development of Alimentary Canal Tumours *by R. A. Anderson, L. Scobie, B. W. O'Neil, G. J. Grindlay and M. S. Campo* 69

Studies on the Age of Puberty of Male Camels (*Camelus dromedaries*) in Saudi Arabia *by S. E. A. Abdel Rahim* 79

Announcements 85

SEPTEMBER 1997

Guest Editorials:
101 Dalmations—But How Many are Congenitally Deaf? *by H. G. G. Townsend* 89

Meat Inspector! Whither Goest Thou? *by M. H. Hinton and L. E. Green* 91

Reviews:
Pathophysiology and Management of Progressive Renal Disease *by S. A. Brown, W. A. Crowell, C. A. Brown, J. A. Barsanti and D. R. Finco* 93

The Genetic Basis of Resistance to *Ostertagia circumcincta* in Lambs *by M. J. Stear, K. Bairden, S. C. Bishop, J. Buitkamp, J. L. Duncan, G. Gettinby, Q. A. McKellar, M. Park, J. J. Parkins, S. W. J. Reid, S. Strain and M. Murray* 111

Prevalence and Prevention of Deafness in the Dalmation—Assessing the Effect of Parental Hearing Status and Gender using Ordinary Logistic and Generalized Random Litter Effect Models *by J. L. N. Wood and K. H. Lakhani* 121

Meat Inspection: an Overview of Present Practices and Future Trends *by D. S. Edwards, A. M. Johnston and G. C. Mead* 135

Airway Response of Horses with COPD to Dry Powder Inhalation of Ipratropium Bromide *by D. H. Duvivier, D. Votion, S. Vandenput, T. Art and P. Lekeux* 149

Associations Between Locomotion, Claw Lesions and Nociceptive Threshold in Dairy Heifers During the *Peri-partum* Period *by H. R. Whay, A. E. Waterman and A. J. F. Webster* 155

Short Communication
Reference Ranges and the Influence of Age and Sex on Haematological Values of the Endangered Catalonian Donkey *by P. Folch, J. Jordana and R. Cuenca* 163

Erratum 169

Announcements 170

NOVEMBER 1997

Guest Editorials:
Papillomaviruses: Progress for Human and Veterinary Medicine *by D. Onions* 171

Equine Neurodegenerative Diseases—Stressed Neurons and other Radical Ideas *by C. N. Hahn and I. G. Mayhew* 173

Reviews:
Bovine Papillomavirus and Cancer by M. S. Campo 175

Aerosol Therapy in the Equine Species *by D. H. Duvivier, D. Votion, S. Vandenput and P. Lekeux* 189

Association Between Plasma Vitamin E Concentration and the Risk of Equine Motor Neuron Disease *by R. De la Rua-Domenech, H. O. Mohammed, J. F. Cummings, T. J. Divers, A. De Lahunta and B. A. Summers* 203

Claw Lesions in Dairy Cattle: Development of Sole and White Line Haemorrhages During the First Lactation *by K. A. Leach, D. N. Logue, S. A. Kempson, J. E. Offer, H. E. Ternent and J. M. Randall* 215

Cervico-thoracic Vertebral Osteomyelitis in 14 Calves *by A. M. Healy, M. L. Doherty, M. L. Monaghan and H. McAllister* 227

Comparison of Carprofen and Flunixin Meglumine as Adjunctive Therapy in Bovine Respiratory Disease *by T. V. Balmer, P. Williams and I.E. Selman* 233
